Public Band Concert Next Tuesday Night Features Old Timers

Community Organization to Be in Uniform for First Appearance

Next Tuesday evening's public concert will be the first appearance of the Antioch Community band in uniform. Plans were made by the members to wear them in the concert two weeks ago, but they were not ready.

Previous concerts have been presented with the members wearing their own choice of clothing, with the result that there was a variety of color on the platform.

"The new look will give the band a more striking appearance," said Louis Chenette, bandmaster.

Guest artists on the program this coming week will be a vocal duet, the singers to be announced from the platform, and the Antioch Cornhuskers, a polka band.

Last week the concert drew a large crowd and much applause.

As the entertaining feature became known still larger crowds may be expected. All the bandmen need is fair weather such as they had last week.

The program for 8 p. m. Tuesday, July 5 will feature "Old Time Band Music" as follows:

National Anthem
March, The Thunderer.....Sousa
Ballet Egyptian.....Luizini
"Comic Tattos"—Musician's Strike
*Vocal Duet (to be announced at the concert)
"In the Mystic Land of Egypt".....Ketelby
The Clock in the Toy Shop.....Olivandotti
*Polka Band: "The Antioch Cornhuskers"
Two Hearts in 1/2 Time.....Stolz
Hymn Tune: A Mighty Fortress.....Luther
Show Boat.....Kern
March: Symbol of Honor.....Mesary

Building Addition at Central High School To Be Started Soon

Construction of a \$25,000 addition to Central High School at Salem, Wis., will be started soon, residents of the district were told at the annual meeting Monday evening at the school.

The plans for expansion call for four classrooms, additional toilet facilities, a new industrial arts department, a music department, a new home economics department, enlargement of the hot lunch room and shower room, and completion of the front entrance to the school.

The annual budget was set and officers of the board chosen.

A. H. Erickson is principal of the school.

Wilmot district also held its meeting Monday evening with similar procedure, but no expansion plan was necessary.

Firemen's Dance Was Success in All Ways Officials Tell Village

The firemen's dance Saturday night was one of the most successful ever held, according to officials of the organization.

"It was very successful," was the only comment on the profits, which indicates a record income.

"The crowd was the largest we've ever had," said Secretary Clarence Shultis.

"It was the finest dance we've ever conducted," said Chief Edgar Simonsen. "It was a financial success."

The music was good, the crowd was quite orderly and everybody seemed to have a good time, they said.

Bob Vogel's orchestra furnished the music.

The firemen met Tuesday evening and heard a report from Charles Mapletorpe and Russell Rowe who attended the fire school at Champaign, Ill., recently. The two gave the rest of the firemen some of the new ideas they gained through classroom instruction and drill.

To Erect New Building

A building 40 x 40 feet will be erected by Boyd Osmond to the west of the gas station at Naber's Corner. Half of the building will be the office of Atty. Richard Smith and Bernard Osmond, the agent.

Closing of Rte. 45 in Wisconsin Sends More Traffic Through Village

Chief of Police Walter I. Scott said that if the weather is good Antioch may see a lot of traffic over the weekend and in that case will draw heavily upon the auxiliary police and possibly extra squad cars.

"The closing of Rte. 45 in Wisconsin is sending more traffic through Antioch," Chief Scott commented, accounting for the large number of cars now going through the village.

Chief Scott said that he will instruct his force to watch double parking and try to keep cars moving so there will be no traffic jams.

Dairy Farmers Ask Greater Share of Area Bottle Milk Revenue

Pure Milk Association Will Seek More Money for Antioch Farmers

The Pure Milk Association of which Avery Vose of Crawford rd. east of Antioch is district representative, will ask for a higher price to farmers for fluid milk during a public hearing set for next Tuesday.

The hearing will be at the LaSalle hotel and is expected to last for several days. It is conducted by the U. S. Department of Agriculture to receive testimony on the handling of milk in the Chicago area of which northeastern Illinois and southeastern Wisconsin are a part. Milk handling is regulated by Chicago's Federal Milk Marketing Order 41 through Federal Milk Market Administrator's office.

Ask Premium Hike
The Pure Milk Association, which represents the majority of dairy farmers who sell milk to Chicago, asks that these farmers be paid a higher rate for milk which is used for bottling purposes.

PMA recommends that the premium on bottled milk be increased from 70 cents a hundred pounds to 90 cents during the months of March, April, May and June.

PMA recommends other changes in the Federal Milk Order. Kankakee county, Ill., and all of Will county, Ill., are asked to be included under the Chicago milk market area. PMA asks to extend the deadline for producers requesting a new producer status until Jan. 15. The deadline is now Dec. 31.

Prices to farmers will be helped if another change in the order is granted to PMA. A premium is recommended for milk that goes into ice cream and other frozen desserts. Here PMA asks that the milk solids as well as the butterfat be considered in establishing the premium.

Previously only the butterfat part of the milk was used to establish the premium for packaged milk and cream.

With the coming of bulk tanks into the market, PMA asks that the Federal Milk Marketing Order designate the place where the milk is reloaded from the farm pickup truck as the point where the milk plant receives the milk.

The testimony presented at the hearing will be considered by the U. S. Department of Agriculture. The department will issue a recommended decision later in the year on the changes that are considered advisable in the order. Dairy farmers in the Chicago area will be able to vote on whether to accept this recommended decision as part of the order.

Changes in the milk order are recommended by milk dealers in the Chicago area and by other producer organizations.

Burglars Raid Many Lake County Villages Steal Safes, Money

Burglars have been raiding Lake county business places during the past few weeks. Belief is that they are Chicago professionals who dash out and back in the after part of the night for quick hauls.

Latest victim was the Hertz JGA grocery store at Fox Lake where a 450-pound safe containing \$4,000 in checks and cash was carried out the front door early Wednesday morning. The grocery was but a block from the police station.

Two other safes, one from Zion and another from Howlands Mid-west store near Grayslake, were stolen and later found abandoned after being rifled. The Midwest store at Round Lake Park and the Diamond Lake store south of Mundelein were looted of money, cigarettes, cigars, razor blades and other easily marketable loot.

Police are being alerted in all villages to be on the lookout for the thieves.

Increased Sales Tax To Go Into Effect In Antioch Friday

Purchasers in Illinois Will Pay One-half Cent More On the Dollar

Starting tomorrow, Antioch as well as other places in Illinois will pay an increased sales tax—2½ cents on the dollar.

The state needing more money to take care of increased costs upped the tax one-half cent and authorized cities to add another half cent if they so wish to provide money for their increase costs. All they need to do is pass a law and no referendum is necessary.

The new sales tax charts have been mailed out to 27,000 merchants, Joseph T. Meek, president of the Illinois Federation of Retail Associations announced.

Antioch merchants opposed the increase because of its proximity to Wisconsin where there has been no sales tax. Wisconsin, however, has its own ideas on taxing and it is said the gasoline tax in that state will be upped 2 cents.

Purchasers of goods in Antioch stores tomorrow may expect to pay the following tax:

From 1 cent to 13 cents, nothing; 14 cents to 49 cents, one cent; 50 cents to 89 cents, two cents; 90 cents to \$1.39, 3 cents; \$1.40 to \$1.79, four cents; \$1.80 to \$2.19, five cents; \$2.20 to \$2.59, six cents; \$2.60 to \$2.99, seven cents; \$3.00 to \$3.39, eight cents; \$3.40 to \$3.79, nine cents; \$3.80 to \$4.19, ten cents; \$4.20 to \$4.59, eleven cents; \$4.60 to \$4.99, twelve cents.

On \$10 it will be a quarter; \$15—38c; \$20—50c; \$25—63c; \$30—75c; and \$50—\$1.25.

Ella Mae Edwards Now Leads for Queen In A. Legion Contest

Miss Ella Mae Edwards, sponsored by Smart's Country House, is now leading in balloting of the Antioch American Legion Queen contest.

With only 10 days left for voting, contest officials report that as the totals of all the contestants are so nearly the same it is anybody's guess as to which of the four girls will be judged the winner on Sunday evening, July 10 at the Legion carnival.

Last week Miss Arlene Cribb, sponsored by Reeves Drug Store was in first place. The other contestants are Miss Edwina Chernik, sponsored by the Antioch Sheet Metal Shop, and Miss Carol Frazier, sponsored by King's Drug Store.

Miss Edwards is the daughter of Mr. and Mrs. Warren Edwards of Indian Point, Antioch. If she can maintain her lead over the other contestants she and her mother will get on all-expense paid four-day trip to Washington, D. C. as guests of the American Legion.

Doughnut Tag Day Nets \$120.76 From Antioch

Doughnut Tag Day for the benefit of the Salvation Army set a record for Antioch. The total in receipts was \$120.76, Mrs. H. B. Gaston, chairman, announced.

Grass Lake women took an outstanding part in selling the tags on the streets of Antioch. Among those participating were Mesdames Kate Halvorsen, Helen Burke, Harry Jesse, Mabel Byrne, Lydia Frasier, and William Barker.

Twenty per cent of the receipts will be applied for local relief and the rest will go to the area fund which is used for the aid of unwed mothers, destitute families and the camp for mothers.

Trip to Shrineorama For Rainbow Girls Arranged Financially

The trip of 50 girls of the Antioch assembly, Order of the Rainbow for Girls and their 10 chaperones to the Shrineorama at Soldier Field in Chicago, July 13, has been financed.

Mrs. C. L. Heath, mother advisor, and Mrs. Martha Hunter, sub-deputy were in Chicago Tuesday attending a meeting in which final plans were made for the state convention in Springfield, July 27, 28, and 29 and they said that Mrs. Mary S. Abt, supreme inspector will accompany the Antioch group to the Shrineorama.

Fred B. Swanson, local Shriner and 33rd degree Mason has arranged for the local assembly to have reserved seats at the outdoor spectacle. The trip will be made in a bus from Round Lake.

A PROMISE OF INDEPENDENCE

Call for Building Fund Committee at St. Peter's Gets Good Response from Antioch Parishioners

Son of Antioch Couple Gets Naval Appointment

Dennis Brezina, 18, son of Mr. and Mrs. Frank Boyd of 258 Park st. has been accepted as a cadet at the United States Naval Academy and has been ordered to report at Annapolis July 5.

Brezina has been listed as first alternate by Rep. Marguerite Stitt Church, and whether he was accepted through the withdrawal of an original appointee or whether he was given an appointment at large is not yet known.

As a graduate of Grant Township High School with this year's class, Brezina, as the highest ranking student in scholarship served as valedictorian. He was elected to the National Honor society and received the Bausch and Lomb Honor Science award.

He participated in a number of school activities and played first base on the Grant baseball team.

Brezina was offered a scholarship at Knox college and was first alternate for an appointment to the air force school at Denver, Colo.

The youth made his home with his grandparents, Mr. and Mrs. Joseph Brezina in Fox Lake while attending high school there.

Solicitors for Veterans Organization Elicit Suspicion in Antioch

An investigation into the collecting of funds for the Purple Heart Association to ascertain whether fraud was being attempted in the Antioch area may reveal that the solicitors were wrongly instructed representatives from the Waukegan-North Chicago post.

Steve Pacini, florist, the Grass Lake Lumber Co. and Steitz's resort were among those solicited in the Antioch area and all three became suspicious of the solicitors and turned them down.

Deputy Sheriff Charles Larson made investigation yesterday and traced one of the calls of a solicitor to Dan Williams of North Chicago.

Ted Swedo, post commander, and Cmdr. Pat Stevens of the Purple Heart association, admitted that Williams is a member of the association but said that members were only authorized to sell tickets and advertising for its minstrel show that will be given at the high school in Waukegan Sept. 29 and 30.

In reply to a report that one of the solicitors refused a check but requested cash Swedo said:

"We encourage the use of checks because it is a record of the transaction both for the purchaser and the post."

Pacini said that no mention was made to him of tickets or advertising and he thought it a donation. A man called him one evening and very early the next morning a woman came to collect the \$10 he had promised. Because she had no receipt and merely carried a notebook as a record, he became suspicious and refused to make the donation.

Swedo said he would contact Williams today and get his version of the situation, and report to Deputy Larson.

Quiet Holiday Ahead For Antioch Area as July 4th Approaches

Lake Villa Plans Fireworks Display at Lehmann Park Monday

Independence Day, more commonly known as July 4th, will be just a prolonged weekend holiday in Antioch and vicinity this year.

That it will be a quiet one is evidenced by the lack of sale of noise making equipment other than the cap pistol.

Wisconsin now has the same law as Illinois on fireworks and the border villages such as Antioch no longer have the problem of fireworks smugglers. Shipments by express seemingly have stopped.

Besides cap pistols the only fireworks sold in either Illinois or Wisconsin are sparklers, and merchants admit that some of them are of poor quality.

Because Antioch is some distance from the lakes, and people at the resorts prefer to remain there where they have a good time, no effort is made by the merchants to stage a professional display.

Lake Villa, however, is collecting money for a display similar to that of last year which drew a crowd of 2,000 persons. The firemen are sponsoring the event which will be held in the village park.

Antioch will have its usual bi-weekly band concert on Tuesday evening.

Business houses which do not cater directly to vacationers will be closed Monday, July 4. Some will be open only part of the day. The postoffice lobby will be open until 9 a. m. and there will be no rural delivery.

Should warm weather continue lake resorts may expect a big business. Cool weather up to this week has put a damper on it, but with warmer breezes, and the absence of rain, the usual holiday crowds may be expected.

Capt. Herman Holbek said that the usual plan of having three men of the Antioch Rescue squad on duty over the holiday to take care of emergency situations will be followed.

Auxiliary police probably will be called into service to handle traffic if it becomes too great over the weekend. Much of the difficulty is the rush of Chicago people to and from points in Wisconsin as they take advantage of the three day holiday.

County Court House Belfry Damaged by Fire -- Loss \$3,000

There appeared for a while Tuesday morning that Lake County would have to build a new court house whether it wanted to or not.

A short in the junction box of the electric tower clock caused the apparatus to burst into flame just as a repairman ascended to the tower to repair the chime striker.

Before the Waukegan fire department brought the blaze under control through use of its aerial ladder truck, \$3,000 damage was done to the tower and to offices of Supervisor August Cepen and the Liquor Control Commission immediately beneath. Water descended into the offices.

The tower for a while appeared as a flaming torch. Repairman Walter Hyser, 36, of Springfield, O., said he heard a humming sound and turned in time to see the junction box burst into flame. He quickly descended the tower ladder and turned in the alarm.

Firemen were at work on the blaze before people in the courthouse knew there was a fire. Cepen got employees out of the fifth floor first but not until one woman fainted from excitement.

Then court was quietly adjourned by Circuit Court Judge Bernard Decker and reconvened in the county court room after the fire was extinguished.

One fireman was overcome by smoke.

There has been much talk of the need for a new and larger court house, but the fear that some would try to move the site from Waukegan has slowed up the movement.

Two Masses Added to Schedule

Two masses have been added to the schedule of St. Peter's Catholic Church in Antioch. Starting last Sunday they were held in the church hall at 10:20 and 11:20 a. m. with visiting priests assisting the Rev. A. J. Henderson and the Rev. Francis Johnson who conduct the hourly services starting at 6 a. m.

Mower and Boat Stolen

No Comparison

It has been observed that "today's housewife buys not only food, she buys freedom."

If we keep that phrase in mind, we will be much better able to accurately evaluate the charge that there is too much spread between what the farmer gets for his products and what the housewife pays when she goes to the store.

There is virtually no comparison between the foods we have available today as against those of 20 or 30 years ago. They come frozen, precooked and processed in a wide variety of ways—with, in other words, built-in kitchen services. That involves a great deal of labor, and the consumer must pay for it—no one else can. In return, she is saved a vast amount of labor that she would otherwise have to perform herself. According to a government study, meal preparation for a family of four can be accomplished in 1.8 hours using ready-to-serve foods—as against 5.5 hours with unprepared foods.

How about the profits taken by food manufacturers and retailers? The facts will come as a great surprise to many consumers. A survey has been made of the 1954 experience of 89 grocery manufacturers and 18 big distributors. It shows that the net profit of processor and distributor combined amounted to only three cents out of each dollar spent for food by the consumer. The ever-at-work force of competition sees to it that we get the best possible value for our money.

* * *

Times Have Changed

Relatively few people will read the complete report—prepared at the Cabinet level—by the Presidential Advisory Committee on Transport Policy and Organization. But it makes certain basic points which should be universally understood.

First of all, transportation today is intensely competitive—whereas 30 years and more ago the railroads had a near monopoly.

Second, transportation policies were drawn in the light of that long-dead monopoly situation. Those policies have not been changed as times changed. Indeed, the Committee finds that the government actually increased its regulation despite the emergency of competition. In the Committee's judgment, adjustment of regulation to the competitive facts of today is long overdue.

Third, it found that in many respects government policy prevents or severely limits the most economical use of the nation's transportation systems—and brings about increased costs which necessarily are borne by traveler, shipper and ultimate consumer.

Fourth, the cornerstone of a modernized regulatory program, the Committee feels, should be increased reliance on competitive factors in rate-making—with, of course, laws which will prevent discriminatory practices.

What is needed, in a phrase, is a national transportation policy which will permit each of the carriers to do for the public the things it can do best, and at the lowest real cost.

Dead Beats

A former member of the Federal Power Commission, well known for his leanings toward government power development, proposes that Congress provide for the construction of a number of publicly-owned "yardstick" atomic energy electric plants.

This may seem wise to some people. But if Congress should authorize such plants, and if they were built and operated on the same basis as the socialized plants using conventional sources of energy, the resultant "yardstick" would be about two feet long.

First of all, socialized plants are either wholly or mainly tax-free. The privately owned utilities, by contrast, pay well over 20 cents in taxes for every dollar of revenue.

Then a socialized utility enjoys many other subsidies, direct and hidden. To quote Economic Intelligence, "The government treasury may do its financing, the attorney general may do the legal work, general engineers may do surveys and planning. . . . Such a publicly owned utility frequently charges part of its expenses to other functions such as recreation, mosquito control, beautification, navigation, flood control, etc. Instead of charging off the depreciable property at the normal rate established by the Internal revenue bureau for private property, a government enterprise may charge off at half that annual rate. . . . Thereby the books show lower costs."

It's certainly obvious that this phony type of "yardstick" could make the rates charged by private enterprise look too high. It would do that in any line of endeavor in addition to electric power—food, clothing, entertainment, newspapers, and what have you. Economic Intelligence compared the "yardstick" plants to "the dead beat who owes everybody around town but boasts offensively about his shiny new Cadillac!" That's about the size of it.

* * *

The Low Down From Hickory Grove

I been reading where a Pen and Ink Co. says its sale of red ink has slipped by 21 per cent. But I reckon this company don't have much Govt. business—don't sell in barrel lots. Red ink is still in prime demand where rolls the wide Potomac.

But before going further in my delving, you can say there are good signs and omens showing up. The new and present Govt. has gone to bat with a little set of behind the times—or bewildered—senators who think it is a feather in their cap to put burrs under the private ownership saddle. These befuddled brethren don't seem to catch on that most of fading Europe operates under some such plan of Govt. direction, as they keep harping about as to what we should do at TVA. And the bigger it gets the more the taxes that have to be made up by the citizens—Maine to Oregon—Saint Paul to Corpus Christi.

A Govt. barber shop, a Govt. power house would be the same. Political. Always SNAFU and needing more money. We been wandering from the successful ways of our forefathers. Somebody needs whisper in the ear of this little half dozen lot of senators whose thinking don't seem to be hitting on all cylinders—maybe needs a valve grind—or cobweb overhaul—or be sent home.

Yours with the low down,
JO SERRA

LAKE VILLA

Circle No. 1 of the Woman's Society of Christian Service will meet at the church on Wednesday, July 6 for the quarterly pot luck dinner in celebration of the April, May and June birthdays of members and friends, and visitors are welcome. Hostesses for the day are Mrs. Aagot Sorenson and Mrs. Mary Nelson. There will be no other meeting of the group in July as the summer sale will be on Wednesday, July 20 at the school gym when a noon luncheon will be served, an afternoon card party held and sale will go on all afternoon with various attractions besides the sale tables.

A very pleasant social affair was held at the recreation room of the fire station last Wednesday evening when Mr. and Mrs. Vernon Sorenson of Waukegan celebrated their 25th wedding anniversary. The affair was arranged by Mrs. Sorenson's sister, Mrs. Agnes Brumfield and another sister, as well as others of the Peterson family. More than 60 of the family gathered for the occasion and came from Antioch, Wadsworth, Libertyville, Waukegan, and Lake Villa. Refreshments were served at the close of the evening.

Russell Brumfield suffered an injury to his eye while at work last week and had an enforced vacation.

Mr. and Mrs. Leonard Armstrong, Dale and Darrell enjoyed a trip into Wisconsin last week and called on the Almqvist and Schneider families at Chippewa Falls, Wis.

Mrs. Arthur Evans was called to Rockford during last week by the very sudden death of her brother, Paul A. Hubbard who had lived there for some time. Mrs. Evans and her daughters, Mrs. White and Mrs. Tegmeyer, also her granddaughter, Mrs. Halvorsen of Huntley attended the funeral services on Thursday.

Mr. and Mrs. Tony Sciacero, Mrs. Frances Barnstable, Mrs. Florence Peterson and Mrs. Grace Evans went to Peoria Saturday last week to represent the Lake Villa V.F.W. and the Ladies' Auxiliary at the State convention which was held

at Peoria. Mrs. Evans remained until Sunday to visit her daughter Mrs. Fryrear who lives near Peoria, but the others returned Saturday night.

Mr. and Mrs. Wm. Walker of Maple Row farm were honored on the occasion of their 39th wedding anniversary last Saturday at a family dinner party at the home of their daughter, Mrs. Everett Lucas at Libertyville, when about 30 members of the family and friends enjoyed a buffet supper. Their family presented them with two lawn chairs as a remembrance.

Mr. and Mrs. Kenneth McCord enjoyed a week of vacation at Rhinelander, Wis., last week.

Lake Villa Woman's Club On Tuesday evening, June 21st, 26 members of the Lake Villa Woman's club and four visitors, Mrs. Doris Blumenschein, Miss Karen Martin, Mrs. Connie Schneider and Mrs. Clara Smejkal left the village hall

in six cars for Marengo, Ill., to attend a play "King of Hearts" at the Shady Lane playhouse.

After an enjoyable evening at the Shady Lane the group left for "Martinelli's" at Crystal Lake, Ill., for a delightful supper. They arrived home in the early morning hours.

HICKORY

Early Sunday afternoon callers at the Will Welch home were the Misses Jane, Evelyn and Anne Hanna of Waukegan. Supper guests were Miss Chloe Dietrich and Mr. and Mrs. Harold McArthur, Waukegan. In the evening Mr. McArthur showed colored movies he took in Canada, the Dakotas, Michigan, Illinois and the Everglades in Florida. Other Sunday evening guests were Mr. and Mrs. Warren Silvers and their grandson, Mickey Silvers, of Waukegan.

Mr. and Mrs. Wilson King and children attended the silver wedding celebration of their aunt and uncle, Mr. and Mrs. Vernon Sorensen of Waukegan, which was held in the fire station in Lake Villa on Wednesday evening, June 22.

Mrs. Sarah Finkel of Chicago spent Sunday at the Oscar Finkel home.

Mrs. Arthur Shearer of Oak Park and his house guests Mr. and Mrs. H. S. Faram of Bradenton, Florida, were luncheon guests of Mrs. Will Thompson on Thursday. In the afternoon Sidney Stoker of Chicago called there to see his sister, Mrs. H. S. Faram and her husband. Other visitors were Mrs. Wilbur Hunter, Mrs. H. A. Tillotson, Mrs. Eddie Van Patten and children.

Mr. Bob Cottogin of Plainfield, Ill., spent the weekend at the Wm. Richards home.

Little Miss Kathleen Strahan had her tonsils removed in Kenosha hospital on Thursday.

Mr. and Mrs. N. C. Christensen accompanied Mr. and Mrs. Thorwald Mouritsen and son Bobby to Champaign on Sunday. Bobby remained there for two weeks musical training with the Waukegan Grade School orchestra.

Mr. and Mrs. Fred Luckel of Lake Villa were Friday evening callers at the Wm. Richards home.

A farmer's barn had burned down and the agent from the insurance company arrived to discuss the claim. Explaining the policy that covered the structure, he told the farmer that his firm would build another barn of similar size instead of paying the claim in cash.

The farmer was furious. "If that's the way your company does business," he exploded, "you can just cancel the insurance policy on my wife!"

Then there is the story of a newspaper reporter who had to write up a debate between two members of the State House of Representatives, each of whom loved the sound of his voice. He wrote: "Representative Blunk and Representative Blank engaged in intellectual combat today. Both were un-armed."

Health Talk

Sun Tan or Sun Burn?

Common sense is wisdom well spent when it comes to taking sun baths. Acquiring a coat of tan, if attempted by prolonged exposure to the sun, can lead to many hours of suffering—and no tan—according to the Educational Committee of the Illinois State Medical Society in HEALTH TALK.

Sunlight contains about fifteen per cent of visible rays, 78 per cent heat and seven per cent ultraviolet rays. Because sunlight helps combat disease and maintain good health, most people should avail themselves of it whenever possible. Sunlight helps manufacture vitamin D in the body, essential to calcium deposition and other factors making for good teeth and strong bones.

But the sun, as a health agent, can also cause damage. Experiments show that the individual can get too much vitamin D and prolonged exposure to the sun can

cause severe burns, skin disease and even death. Repeated long exposure can, over a long period, cause the skin to become scaly, inelastic and thickened and is thought to contribute to certain types of skin cancer found in farmers, sailors and others long exposed to sunlight.

Some persons, particularly those with a pale, thin skin, should take sun "treatments" only under the advice of a physician. The enviable "coat of tan" should be acquired gradually, a few minutes each day until the skin is "seasoned" or adjusted to the sun's strong rays. Some individuals, who lack skin pigment, find it impossible to acquire a coat of tan.

The special name for sunburn is erythema solare which means that it is an inflammation caused by the sun. The same term may be applied to an inflammation of the skin caused by ultraviolet rays from other sources.

Severe burns cause much pain and contact with clothing or bedding becomes unbearable. The

skin is parched and reddened. The inflammation that develops varies from a slight flush to the severe burn that results in blistering and peeling. Immediately after burning there may be a sensation of heat which in a few days or a week by itching and peeling. Shock, chills, fever, nausea, rapid heart beat and sometimes fear of death prevail as long as 48 hours in extremely severe burns.

Persons who are out in the sun for any length of time often suffer headache, which may be due to the

sun's effects on the eyes. This may be avoided by wearing protective glasses. Certain skins are much more susceptible to sunburn than others. In blondes, particularly those with pale skins, the reaction is so quick that even short exposure may bring about reaction to the heat and even acute illness.

Sunshine has a way of affecting the blood and of increasing the red coloring matter. The benefit is received, however, only when the ultraviolet rays reach the skin directly.

In general, sunlight is necessary for health and, in particular, good for the treatment of specific conditions, but care should be exercised in absorbing the health-producing rays of the sun. Parents should watch their children carefully. Children as well as adults should expose themselves to the sun gradually.

The great sun dispenses his wares generously, but the person taking them under prolonged exposure must remember that he will pay with many hours of pain and discomfort.

Look 4 Doors and no center posts!

It's the new kind of hardtop— The 4-Door Riviera!

You drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view.

That's what makes it a hardtop.

But what makes it a very special kind of hardtop is the fact that it has four doors instead of two.

Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera!

Now, you see, you can have the tremendously popular styling of a true hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again—because the 4-Door Riviera is a sweeping sensation across the nation.

It's rolling off the assembly lines in volume numbers to meet the demand—in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here.

And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the extra roominess of a full-size Buick

Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.*

Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

SOCIETY EVENTS

Bensons Returned to First Methodist Church

After receiving their reappointment to the Antioch First Methodist church, the Rev. and Mrs. Howard Benson returned from the church conference at Elgin Saturday and went to Lake Geneva where they are serving as counselors this week at a Methodist Youth Fellowship camp.

Mrs. L. V. Sitter, lay delegate, and Mrs. S. B. Nelson, alternate reported an interesting conference with outstanding speakers.

Only change in pastorates of Lake county was the assignment of the Rev. W. H. McElvaney of Evanston to Waukegan to take the place of the Rev. Thomas Pender, who retired.

LOCAL GIRLS VISIT EUROPE

Misses Dorothy and Marie Anne Olson of Channah Lake, daughters of Mr. and Mrs. Franklin J. Olson, are enjoying the sights of London after a trip by air. The girls expect to spend eight days in London, then on to Paris for a week after which they will attend school at Valencia, Spain, a school in connection with the University of San Francisco. From there they will go to Madrid for a few days before returning home some time in August. Friends at Channah Lake entertained at a going away party in their honor at the home of Carl Flowers. The group presented them with an overnight case and travel clocks.

SEQUOIT LODGE V.F.W. PUBLIC CARD PARTY

Members of Sequoit Post Veterans of Foreign Wars, will hold a public card party Saturday, July 2, at 8 o'clock at the Channah Lake school. There will be refreshments and prizes for winners of high scores.

O. E. S. BAZAAR AND DINNER A SUCCESS

The dinner and bazaar given by the Order of Eastern Star officers of Antioch chapter at the Masonic hall Saturday, was a big success. The committee in charge were Mesdames Helen Luedtke, Hazel Parfitt, Margaret Pincombe, Barbara Wilson and Dorothea Farm.

ANTIOCH REBEKAHS TO HOLD CARD PARTY

Members of the Antioch Rebekah lodge plan to hold a public card party July 23 at the Channah Lake school. Card Games of all kinds, refreshments, and prizes will be given the winners of highest scores.

Visitors at the home of Mr. and Mrs. Henry A. Mau recently were Mrs. Fred Hardt and granddaughter of Bellwood, Ill., and their daughter, Ruth Zanger, George Zanger and children of Los Altos, Calif. They also visited at Adolph's Channah Inn, and Bess and Fred Dombrowski.

Cmdr. Austin Kersten of the Antioch Veterans of Foreign Wars, Warren Edwards, quartermaster; Mrs. Kersten, president of the V. F. W. Auxiliary and Mrs. Edwards, patriotic instructor chairman, motored to Woodstock Saturday evening and attended the grand opening dance and smorgasbord of the V. F. W.'s new home there.

John Hojem, Jr., is visiting his parents, Mr. and Mrs. John Hojem at Channah Lake before going to Aberdeen Proving Grounds in Maryland on July 18 to begin a two-year term in military service. He was graduated from the University of Illinois School of Engineers and on the same day commissioned as a second lieutenant in the army.

M. C. Cain and son, James W. went to Corning, Iowa, Tuesday to attend the funeral of Mr. Cain's aunt and to visit his father, E. M. Cain. They will return this evening.

Mesdames Ann Kuderle, Cicero, and Elsie Hagen, of Burlington, Wis., were week end guests of Mrs. Ann Kopriva.

Mr. and Mrs. H. E. Shepard and family of Kansas City, Mo., arrived in Antioch Tuesday, where they expect to make their future home.

Mr. and Mrs. Eldon Gordon and children left Friday for a week's visit with Mrs. Gordon's father, L. A. Woolley at Deschler, Ohio.

Mr. and Mrs. Jack Woods of Lake Marie, will have as guests for the holiday weekend Mr. and Mrs. Paul Dillon and daughter Jackie Jo and Mrs. Earl Sibley of Chicago.

Mr. and Mrs. Preston Reckers left Antioch Friday for a week's vacation in Canada. Mr. Reckers is employed at the Antioch News.

Mr. and Mrs. Burt Anderson are vacationing this week in Canada.

Mr. and Mrs. R. I. Kufalk returned home recently after spending two weeks visiting relatives at Waverly, Iowa.

Mr. and Mrs. Russell Luedtke returned home Sunday after a week spent at Wolf Lake near Ely, Minn., where they fished.

Celebrate Golden Wedding Anniversary

Mr. and Mrs. Henry S. Bader of the Chain O' Lakes subdivision, Grass Lake rd., celebrated their golden wedding anniversary Sunday, June 12 at the Antioch Scout home. More than 100 guests, including many friends and relatives from Chicago, Antioch and vicinity were in attendance. Their son, Walter, and wife assisted in receiving the guests.

A buffet luncheon was served from 2 to 7 p. m. Decorations were yellow mums and daisies. A beautiful wedding cake was cut.

Assisting Mrs. Walter Bader in the serving were Miss Bernice Baderederer, Mr. and Mrs. John Hill, and Mr. and Mrs. Ray Jensen.

George Polivka and Jack Helligenthal of Marek's Conservatory of Music provided music for dancing. Accordion selections were played by Margie Lehmann, Nancy Nemec, and Sharon Bauer. The couple received many beautiful and useful gifts.

Members of the Sunshine club held a regular meeting Tuesday at the home of Mrs. Norman Clark at Voltz Lake. Following the business session refreshments were served by the hostess, Mesdames Robert Oelen and Oscar Gleichner were assistant hostesses.

Mr. and Mrs. Frank Fay and daughter Jo Ann of Grass Lake recently returned from a month's vacation in Toledo, Ohio.

The Richard Seyfarth family have moved from Lake Marie to their new home on Harden st.

Radio Show to Feature Lake County History

The first radio program to portray stories about the early days of pioneering in Lake county will begin broadcast Friday, July 1 over station WKRS in Waukegan.

This 15-minute radio program is entitled "Freedom Is Our Business" and is unique in several ways. The star of the show is famed actor and director Robert Montgomery who will present in story and recitation the stirring saga of the fight for freedom which has occupied Americans for generations. The show's musical selections will be directed by nationally famous David Rose whose orchestra specializes in patriotic and historical numbers.

The program will also contain significant highlights of Lake county's early history and later development, starting in the year 1835 and progressing to the present time.

"Freedom Is Our Business" can be heard over WKRS at 3:45 p. m. Wednesdays, Fridays, and Sundays.

Principal A. L. Dittman returned Sunday from Gordon, Wis., where he and other educators from Springfield, Streator and Marengo spent a week fishing. They report good fishing this year and a fine trip.

DEEP LAKE NEWS

The regular monthly meeting of the Deep Lake Improvement Association met at the home of Frank Luehn Saturday, June 25. Following the business meeting, refreshments were served by Art Sletten and his wife in honor of their 22nd anniversary. Mrs. Hazel Buss, a guest, graciously entertained the group with the showing of slides of scenes of Hawaii.

These slides of Hawaii will be shown on Thursday, June 30 at 10 p. m. at Henning Johnson's resort. The show lasts 1 1/2 hours. Anyone interested will be welcome.

Mr. Charles F. Petty will sail July 7 on the U. S. S. United States to visit his family in England whom he has not seen in 36 years.

Mr. and Mrs. Harold Severson and children have moved to their new home on Petite Rd., in Lake Villa.

Mr. and Mrs. Pete Grimson and son have moved to Highland Park.

Mr. and Mrs. Frank Wallace have sold their home on Fourth ave. and will leave on July 7th to make their future home in Florida.

Mr. and Mrs. Mike Debowski and children are spending the summer months in the home of May's parents, Mr. and Mrs. Art Carlson on Fifth ave. while waiting for their new home to be built in Itaska.

Mrs. Arla Badard and children are visiting at the home of her mother Mrs. Bertha Larson.

The Deep Lake Carnival will be held on the week-ends of July 9-10 - 15-16-17.

Strong Contestant for Queen

Miss Arlene Cribb, daughter of Mr. and Mrs. Harlo Cribb of Depot st. is a strong contestant in the competing of four candidates to become American Legion Queen and to get the all-expense paid trip for herself and mother to Washington, D. C.

Miss Arlene Cribb, daughter of Mr. and Mrs. Harlo Cribb of Depot st. is a strong contestant in the competing of four candidates to become American Legion Queen and to get the all-expense paid trip for herself and mother to Washington, D. C.

Miss Arlene Cribb, daughter of Mr. and Mrs. Harlo Cribb of Depot st. is a strong contestant in the competing of four candidates to become American Legion Queen and to get the all-expense paid trip for herself and mother to Washington, D. C.

of Music provided music for dancing. Accordion selections were played by Margie Lehmann, Nancy Nemec, and Sharon Bauer. The couple received many beautiful and useful gifts.

Sunshine Club Holds Meeting at Clark Home

Members of the Sunshine club held a regular meeting Tuesday at the home of Mrs. Norman Clark at Voltz Lake. Following the business session refreshments were served by the hostess, Mesdames Robert Oelen and Oscar Gleichner were assistant hostesses.

Mr. and Mrs. Frank Fay and daughter Jo Ann of Grass Lake recently returned from a month's vacation in Toledo, Ohio.

The Richard Seyfarth family have moved from Lake Marie to their new home on Harden st.

Seek Same Reduction in Accidents Over 4th As on Memorial Days

Springfield, Illinois—Despite predictions that the 1955 Memorial Day Weekend would set an all-time high record for traffic fatalities in Illinois, final figures show more than a 47 per cent reduction for 1955 as compared to 1954. This includes the 78-hour period from 6 p. m. Friday to Midnight Monday.

State Safety co-ordinator Harvey J. Dowling, pointed out that of the 48 states co-operating in the "Slow Down and Live" program, that 22 of the states showed a decrease for the Memorial Weekend, 18 states showed an increase, and eight states showed no change as compared to the previous year.

In commenting on the reduction of traffic fatalities, Governor William G. Stratton said, "I am convinced that our traffic safety education program, of which the 'Slow Down and Live' program is a part, is a potent tool for combating traffic fatalities on our highways. Cooperation of Illinois motorists in this 'Slow Down and Live' campaign demonstrates that traffic safety education pays—in lives saved."

Secretary of State Charles F. Carpenter praised Illinois motorists for their co-operation in this "Slow Down and Live" program, which played such an important part in our traffic fatality reduction over Memorial Day weekend.

All of the 48 states cooperating in this "Slow Down and Live" program are divided into sections according to location. Illinois is included in the midwestern section. Tolls for the 13 states in the Midwestern area are as follows:

State	1954	1955	Result
North Dakota	2	0	200% dec.
Wisconsin	23	7	70% dec.
Illinois	23	18	47% dec.
Indiana	12	8	33% dec.
Kentucky	11	8	27% dec.
Michigan	20	16	20% dec.
Ohio	21	27	28% inc.
Iowa	2	3	33% inc.
Minnesota	6	10	66% inc.
Missouri	9	18	100% inc.
Tennessee	7	10	128% inc.
South Dakota	0	2	200% inc.
Nebraska	1	4	300% inc.

The 1955 figures are still subject to change as late reports show deaths resulting from accidents which took place on Memorial Day weekend. The final traffic toll for Memorial Weekend in 1954 was 387 persons. The 1955 record now stands at 378 persons—a decrease of 2.3%.

DRIVER TRAINING COURSES HELP REDUCE ACCIDENTS

Some 30,740 boys and girls will be ready to take their places behind the wheel of an auto in Illinois and Indiana this summer, according to Chas. M. Hayes, president of the Chicago Motor Club.

These are the high school students who have completed driver training courses during the 1954-55 school year in the Motor Club's two-state territory, Hayes pointed out. They join about 130,000 other youngsters who have taken the course since the program sponsored by the Club was started in 1946. The program today is carried in 354 schools in Illinois and Indiana.

How well this training helps to reduce accidents can be judged by surveys which show that students trained in high school driving courses have only half as many accidents as their untrained schoolmates. Statistics reveal that in 1954 drivers under 25 years of age were involved in about 24 per cent of the fatal accidents. Yet this age group constitutes only about 15 per cent of all licensed drivers.

Hayes estimated that the cost of training a student comes to less than the repair bill of a single wrinkled fender. That includes the cost of operating specially equipped automobiles loaned to schools by manufacturers and dealers, salaries of trained instructors, and the cost of text books, testing devices and special equipment.

Some 6,000 high schools in the United States—about one-fourth of the total—now provide complete driver education courses, including behind-the-wheel practice. Another 2,600 high schools provide classroom work only.

During the past 20 years an estimated 1,500,000 persons, including adults have received driver education training. Besides the saving of millions of dollars, this program each year is credited with preventing hundreds of deaths and thousands of injuries.

LADIES WILL WRESTLE FRIDAY EVENING, JULY 1 AT LAKE COUNTY STADIUM

Dick Afflis, the Green Bay Packers football star, who has become one of the best gridiron stars in the midwest and is equally as famed in wrestling, will clash with Angelo Pollo, of Downers Grove, in the main event of Fred Kohler's mat show Friday night, July 1 in the Lake County Stadium in Round Lake Park.

However, the big news of the show is the fact that there will be a girls' wrestling bout on the card.

Rose Roman of Des Moines, Iowa, and Shirley Strimple, of Pittsburgh are faired in the first girls' wrestling bout ever staged in the Lake County Stadium.

The girls can do everything that the men can accomplish in the mat sport. Rose Roman and Shirley Strimple are the two leading girl stars of the nation.

Shirley, a blonde of shapely proportions, is the wife of Roy McClarity, famed Canadian wrestling ace. She is one of the most versatile of all the girl wrestlers. Her flying tackles and drop kicks are executed with perfection and she is adept at body slams.

Rose Roman has been wrestling several years in the pro ranks and became interested in the sport when she happened to attend a mat show one night that featured lady wrestlers.

"That's for me," declared Rosie! She immediately visited a gymnasium and started training. Rose found out that she was a 'natural' in the sport of wrestling and soon became a professional. One of her specialties in the sport is body slamming and she is an expert at it.

There will be a tag match on the card with Gypsy Joe, midwest junior heavyweight champion teamed with Don Cortez, of Spain. They face Billy Goetz and Len Rossi, of New York.

Many a man finds that burning a candle at both ends makes it twice as hard to keep his wife in the dark.

Army Develops Arctic Subway In Greenland

WASHINGTON — The Army is carving an experimental "arctic subway" in Greenland's huge icecap and will expand the novel project if it proves feasible.

The underground tunnel will be about 15 miles long and about 25 feet below the surface. If all goes well, electric "subway trains" may one day be scooting under Greenland's icy mountains.

The idea behind such a subway would be to avoid such problems as weather, navigation, and trail marking involved in surface travel on the 700,000-square-mile arctic icecap that covers almost all Greenland.

While the Army did not say so, the underground network also would be invisible to enemy bombers flying the arctic route from Russia. The Army has already built a number of installations under the ice to house men operating the U.S. air station in Greenland.

Army engineers say the cost of the tunnel "probably would be much less than the average U.S. secondary road."

Button Maker Ready For Ike's Acceptance

PITTSBURGH — Arthur Garfield Trimble, button and badge maker, who claims he coined the "I Like Ike" slogan for the 1952 presidential election, says he is all set to go again if President Eisenhower decides to run in 1956.

Trimble was one of those boosting Eisenhower before he had indicated willingness to enter the 1952 race, and he was ready with his buttons and badges when the time came. He also had "I Told You So" buttons ready for the victory celebration.

Cleaned Cash

GRAND RAPIDS, Mich. — Bartender Joe Lopez put \$81 in change in a bank sack and then hid it in what he thought to be a safe place—a laundry bag.

While Lopez slept, a laundryman collected the bag.

Wary laundry workers searched through thousands of pounds of soiled clothes, but were unable to turn up the missing money.

Mrs. Lee Coons of Petite Lake, a patient at Hennrich hospital, Chicago, is expecting to have to stay there an indefinite period because of complications following surgery two weeks ago. Her mail will be sent to the home of her mother, Mrs. Donna Gaines, 420 N. Wrightwood, Shorecrest Apts., Apt. 420 Chicago, with whom she will stay during recuperation.

Famed 'Wild West' As We Know It Was Short-Lived

WASHINGTON — The "wild west" of the movies, fiction, and to some extent of fact—of Sitting Bull and Chief Crazy Horse, of war-whooping scalping, hard riding, half-naked red savages whose signature music is the fast tattoo of horses' hoofs—was a relatively late development which reached its climax only in the 19th century shortly before the Plains Indians were settled on reservations.

The mobile and aggressive Sioux and Blackfeet, the fighting Comanche, whom our Army officers on the frontier used to call "the finest horsemen in the world," were plodding footmen little more than a century earlier. Then they hunted the big, shaggy bison on foot. When they moved camp their only beasts of burden were dogs—and women. They first recognized the horse as a "big dog" capable of carrying heavier loads farther and faster. But when they became "horse Indians," the use of the new animal came to change every major aspect of Indian life—not only their hunting methods and war tactics, but also their childhood games, their social life, and their religious beliefs.

Legend ascribes the origin of the Indian horse to strayed animals of the epic Coronado Expedition of 1541 but Indians probably first obtained horses through peaceful trade from Spanish ranches in New Mexico a century later. Gradually horses spread from tribe to tribe. By mid-18th century some Indians of the Canadian Plains were skilled horsemen.

Woodpeckers Pecks Puzzles Professors

UNIVERSITY PARK, PA.—How do you stop a bird from doing what comes naturally?

That's the problem of scientists at Pennsylvania State University who are looking for a way to stop giant woodpeckers from pecking holes in wooden utility poles.

Faced with damage amounting to thousands of dollars each year, utility companies have provided a research grant for a three-year study with the hope that foresters, wood specialists, wildlife experts, and zoologists can help with the problem.

The culprit is the colorful, but shy, pileated woodpecker, a large bird that is appearing in increasing numbers in heavy timber areas. The birds are protected by the federal government.

Real 'Wild West' Said Really Wild East

STORMVILLE, N. Y.—Hey, you Texans and Hollywood heroes, some folks are saying the real birthplace of the American cowboy happens to be up in these here parts. A recently discovered pre-Revolutionary War village only 65 miles from New York City is the spot and Charles and Susan Zurhorst are convinced it was here, not in the heart of Texas that the first cowboys rode.

The Zurhorsts stumbled on cowboy lore while developing a piece of property they purchased for a vacation retreat. They discovered a "lost village," old Indian trails, bits of pottery and other traces of early settlers. But the biggest discovery was that the hilltop was a haven for renegade cowboys in 1776.

"They were called cowboys because of their habit of stealing cattle, the most prized possession a man could have in those days," Zurhorst said.

Four Weddings; One Divorce Mean Trouble

NEW ORLEANS — Four marriages and only one divorce didn't seem like proper arithmetic to a Criminal Court judge who sentenced a pretty 25-year old seamstress to two years in prison for bigamy—and it all started when she tried on a wedding dress at the wrong time. It made the man she was already married to suspicious.

Curious Husband No. 3 trailed his wife one night and uncovered another husband. He complained to police and a subsequent investigation turned up Husband No. 2, idly whiling away time in the State Prison on a bad-check conviction.

Husband No. 1, it proved, had been legally divorced—way back in 1953.

Gone Fishing

CLOVIS, N. M. — Witness Paul Nisbitt was a day late for a trial in District Judge A. T. Hensley's court.

Asked Judge Hensley: "Where were you?"

Answered the tardy witness: "Went fishing."

Said the judge: "Ten days."

Then the judge turned down Nisbitt's plea that his fishing chum be allowed to bring him his sleeping bag.

Ruled the judge: "Common jail."

Anyone Got Change For Two Guineas, Or Maybe A Bob?

NEW YORK—Anyone got change for half-a-crown, two guineas, a quid or bob? That's British money, and once you get the hang of it, it's all very simple, states Sir Arthur Morse.

Sir Arthur, Chairman of the British Travel Association, recently visited the United States for a coast-to-coast tour on behalf of the "Come to Britain" drive.

"We staunchly avoid using the decimal point," he said. "This makes our money seem a bit complex at first, but after some practice it becomes quite clear."

"Fix in your mind that a pound is worth \$2.80; a shilling, 14 cents; and one British penny, slightly more than one cent. Or, if you prefer to work in reverse, a nickel is fourpence, a dime is eightpence and a dollar is seven shillings."

Not even Sir Arthur will claim that the system is the epitome of streamlining, but there are many compensations. One is that Britain is one of the few countries in the world where a perplexed traveler can safely hold out a handful of coins and say: "Here, take what it costs and let me have the change."

Folding money, Sir Arthur explained, is always referred to as "notes," never as bills. "A bill is something you are handed in a restaurant, what Americans call a check."

Siesta Saving Custom Say Experts

CINCINNATI—Viva la siesta!

That brief afternoon nap is not the refuge of the lazy but the premium a wise man pays for a long life, say two University of Cincinnati professors.

Dr. Clarence A. Mills, expert on the effect of climate and weather on man and professor of experimental medicine and Dr. Robert Kirsner, associate professor of romance languages and literature, both laud the siesta.

Ten minutes of sleep will do it. A short nap is better, Dr. Mills says, than a long slumber which makes one groggy.

In most sections of America, sudden and extreme temperature changes stimulate people to great spurts of productive energy, but many people keep right on going without sufficient rest.

They may and do collapse from exhaustion, America, Dr. Mills says, has the highest heart-disease rate of any place on earth.

Only 1 of 10 Veterans Resell G.I. Houses

LOS ANGELES—Of the 2,400,000 homes purchased by veterans under the G.I. bill of rights between 1944 and 1952, only about one-tenth had been resold at the end of 1952.

This is indicated by a regional survey of G.I. homes resales recently conducted by Dr. James Gillies and Dr. R. Clay Sprowls of the School of Business Administration on the Los Angeles campus of the University of California.

In an analysis of a sample from 50,000 loans guaranteed by the Veterans Administration in the Los Angeles area, the two men found that about 10.8 per cent of the homes had later been resold. Since Los Angeles home owners are among the most mobile in the nation, it is reasoned that the 10.8 per cent figure is a conservative one for the country as a whole.

A-Bomb Shelters Must Have Atom Power

GALENA, Ill.—This area has built-in A-Bomb shelters, but needs some atom power before they will be suitable for occupancy.

Pete Bailey, a grocer, commissioned Joseph D. Feely, a real-estate agent, to survey abandoned lead mines for possible use as refuges.

Feely reported to Bailey that the most likely shelter is the Tri-State Mine, south of town. The mine is 30 feet deep. Its inclined shaft gives access to miles of subterranean tunnels.

But, said Feely, "tons of water from underground rivers cascade through the diggings must be pumped out to keep the mines dry."

"Until atomic energy is harnessed in small packages to provide pumping power for Galena mines, the mines themselves will not provide refuge for safety in this atomic age."

Can't Be Warned

RICHMOND, Va.—Some people simply refuse to heed a warning of any nature. That's the opinion of troopers who arrested 10 drivers for speeding at a radar check point on U. S. 30. All 10 had copies of a pamphlet handed them by two other troopers 38 miles back warning that their speed would be checked by radar.

Good Fishing Reported, Resorts Reap Harvest

The warm weather of yesterday and today plus the fact that schools are out in Chicago brought large crowds to the lake area. One resort owner said that Tuesday's business was just like a Saturday.

Fish are biting too and this is attracting fishermen.

Last week Albert J. Stakus, 2730 S. 58th St., Cicero, caught a 32-inch northern pike at the north end of Channel lake using suckers for bait. A 15½ pound northern having a length of 38 inches was also caught.

The big one was caught by Stakus Sunday and the fact that it weighed 15½ pounds and was only 38 inches long indicates that it was an old timer. The suckers he used for bait were nearly a pound in weight. Stakus got his boat from Adolph's Channel Inn.

It's Time To—Rise And Shine

LANA TURNER is seen in semi-regal splendor in her forthcoming M-G-M picture, "Diane," the story of Diane de Poitiers who made life interesting for Henri II of France.

NOTHING LIKE A LONG RUN!

Starring in "Cult of the Cobra," for Universal-International, Kathleen Hughes plays a New York stage actress whose long runs are a matter of eye appeal as well as box-office interest. She stars with Richard Long, Faith Domergue, Marshall Thompson.

Fourth of July Safety For Children Is Advised

Chicagoland parents are urged by Cook County Schools Superintendent, Nobel J. Puffer, to be especially careful of their children's safety over the coming Fourth of July holiday.

"The Fourth of July weekend just ahead is one of the most dangerous periods of the year for our children," said Puffer. "We know from past experience that hundreds of them are fated to become grim statistics in the newspaper of July 5."

"Most of these accidents can be avoided if parents will use common sense—drive safely, supervise their children's swimming and outings, and, above all, obey the fireworks laws."

"Independence Day is a glorious holiday for Americans. It is a day that should be celebrated with a bang! But it is not necessary to kill and maim our children to have a rip-roaring Fourth!"

Puffer strongly recommended taking the youngsters to the great Fourth of July Celebration at Soldier Field on July 4, sponsored by Cook County Council of the American Legion.

"The Cook County Council," said Puffer, "as part of its safety program, annually sponsors one of the greatest fireworks displays in the nation at Soldier Field, on the evening of July 4th. In addition to more than two tons of fireworks the program includes 15 circus acts and 6 feature stock car races—enough noise and excitement to satisfy the most red-blooded American youth."

Tag Days for School Band
The Antioch Grade School Band Parents Association has received permission from the village board to hold tag days Friday and Saturday. School children will sell the printed tags and the proceeds will be used for the purchase of new band instruments. Mrs. Donald Gibbs and Mrs. Harold Young are co-chairmen of the project.

Postmaster Issues Warning
Just where they came from is not known, but Postmaster Roy Kufalk says that firecrackers have been placed in mail boxes during the past three weeks. This is a federal

offense and Kufalk warns that inspectors will investigate. The question many people pose is where the mischiefs got the firecrackers for sale in Illinois or Wisconsin.

COMPLETELY AIR CONDITIONED

**Chevrolet's
special
hill-flatteners!**

162 H.P. V8

180 H.P. V8

See that fine fat mountain yonder?
You can iron it out, flat as a flounder... and easy as whistling!

Just point one of Chevrolet's special hill-flatteners at it (either the 162-h.p. "Turbo-Fire V8" or the 180-h.p. "Super Turbo-Fire")... and pull the trigger!

Barr-r-r-o-o-o-OOM!
Mister, you got you a flat mountain!
... At least it feels flat. For these Chevrolet V8's gobble up the toughest grades you can ladle out. And holler for more. They love to climb, because that's just about the only time the throttle ever comes near the floorboard.

And that's a pity. For here are engines that sing as sweetly as a dynamo... built to pour out a torrent of pure, vibrationless power. Big-bore V8's with the shortest stroke in the industry, designed to gulp huge breaths of fresh air and transmute it into blazing acceleration.

So most of the time they loaf. Even at the speed limit they just dream along, light and easy as a zephyr, purring out an effortless fraction of their strength.

An engineer instantly understands why these V8's are so hyper-efficient... how friction is held so low they need just four quarts of oil instead of the usual five or more... how big valves let them "breathe" deeply for maximum power.

But you don't have to be an engineer to know that these are the sweetest running V8's you ever piloted. Just come in, slip behind the wheel, and point the nose at the nearest hill. These V8's can do their own talking... and nobody argues with them!

*Optional at extra cost.

Auxiliary News

Flags Given Brownie Troop
At a regular meeting of Antioch Unit 748 American Legion Auxiliary, the Unit gave Girl Scout Flags to each of the three Brownie troops, also an American flag was given them. The Auxiliary sponsors the Brownies.

Installation
August 18 has been the date set for the installation of new officers in both Legion Post and Auxiliary. Pearl Anderson will be the incoming president of the Auxiliary.

July 8th Meeting Omitted
There will not be a meeting of Antioch Unit on July 8th due to the Carnival. The next regular meeting will be held July 22 in the Legion Home.

Our Flag
America has a Flag beautiful to see and thrilling in the significance to all Americans. Within its star-studded field of blue, and its bars of red and white, are the hopes, the high purposes and faith which brought forth this nation.

This American Flag grew out of the history and principles of the American Nation. In the early years of Colonial struggle against tyranny, flags and pennants of various sizes and designs were carried by the colonists and were flown over their ships at sea. Some bore slogans. All told of the hopes and aspirations of zealous and determined men and women who desired, above all else, civil and religious liberty. As the colonies became united in the struggle for liberty, there was a need and a demand for a common flag for all the colonies.

Tradition tells us that George Washington requested a flag-maker, Rebecca Young, to make a flag of thirteen stripes, alternating red and white, with the Union Jack of Great Britain on the blue field. Known as the Grand Union Flag, but never officially recognized, it was adopted for general use until the signing of the Declaration of Independence.

When the colonies declared their independence from the British Crown, and launched a new nation amid the strife of the Revolutionary War, the British Union Jack was stricken from the Grand Union Flag. In its place, thirteen stars of white

were fixed in the field of blue, the stripes remaining the same. This flag was officially adopted by the Continental Congress on the 14th of June, 1777, and the Stars and Stripes were born. The new flag was carried to victory in the War of the Revolution. When two additional states were admitted to the Union, two stripes and two stars were added, and this flag of fifteen stars and fifteen stripes was called the Star Spangled Banner. It was a huge flag of this design, made by Rebecca Young's daughter Mary Young Pickersgill, which flew over Fort Mifflin. It was the sight of this flag, lighted by the "rockets' red glare" that inspired Francis Scott Key to write the "Star Spangled Banner," our National Anthem.

The nation continued to grow and in 1818 a law was passed which returned the number of stripes to the original number, thirteen, and provided for the addition of one star to the blue field for every state

admitted to the Union—such addition to be made on the 4th of July next succeeding such admission. Since Congress had authorized the Flag of the United States on the 14th of June that day has been designated as Flag Day. Grateful citizens will express their appreciation of the privilege of being Americans by displaying the emblem of their country on this day. There are some business places in Antioch and many homes that do not display a flag, some do not own a flag.

Every American home should own a flag and display it on the many patriotic days throughout the year when it should be displayed. These are the days, too, when serious consideration should be given to the responsibilities of citizenship.

Gas Company Declares Dividend

Northern Illinois Gas Company on June 14 declared dividends of \$1.25 a share on its 5% convertible preferred stock, and 20 cents a share on its common stock, payable August 1, 1955, to holders of record at the close of business June 24.

This action came as the new nine man board of directors met following their election earlier in the day at the utility's annual stockholders meeting in Aurora.

It was the first board elected for the gas utility since Commonwealth Edison company disposed of its entire remaining holding of Northern Illinois Gas stock March 1 this year. More than 80 per cent of the gas company's 6,138,569 shares of outstanding stock were represented at the meeting.

The new board also re-elected Marvin Chandler president of the Northern Illinois Gas and named him chief executive officer of the company succeeding Willis Gale, Commonwealth Edison Company's chairman, who has served as chairman of the gas utility since it began operations in February, 1954. With the discontinuance of all three chairmanship positions in the gas company's operations, resignations of Charles Y. Freeman as chairman of the executive committee and H. P. Sedwick as vice-chairman also were announced at the meeting. Sedwick, however, will continue to serve as a member of the Northern Illinois Gas board of directors for the coming year.

Other gas company officers re-elected by the board at this meeting were: Edgar E. Lundgren, executive vice-president; Edward D. Sheehan, vice-president; George W. Ryerson, secretary; Luster L. Starrett, treasurer; William J. Crowley, comptroller; Stephen E. Taylor, assistant treasurer; Thomas F. Brown and William F. Hayes, assistant comptrollers.

Addressing the meeting, President Chandler briefly outlined the company's operations in which he said the supply problem was the most important.

Pointing out that despite the release of 10,000 residential space

heating permits last October and 30,000 April 11 of this year, the company's gas heat waiting list continues to increase with more than 131,000 now on file.

"We will not be content as long as we have a single customer who has a legitimate need for gas that does not have it," Chandler emphasized. "We think that the Herscher storage project holds the best, earliest and most economical answer to the major part of this problem."

He mentioned the fact that an application is pending before the Federal Power Commission for expansion of Herscher which would triple its ability to deliver gas to the company on cold winter days. If approved and construction completed before next winter, he said, it will permit making further substantial inroads into the space heat waiting list, but would not eliminate it.

Navy Department Announces New Policy For Former Personnel

The Navy Department announced a new policy recently which permits former regular Navy personnel who have been discharged over a period of three months but less than one year to re-enlist in the regular Navy in the rate held at discharge. This policy also applies to navy personnel who were transferred to the Naval Reserve and released from Active Duty to complete the eight year obligation under the Universal Military Training and Selective Service Act.

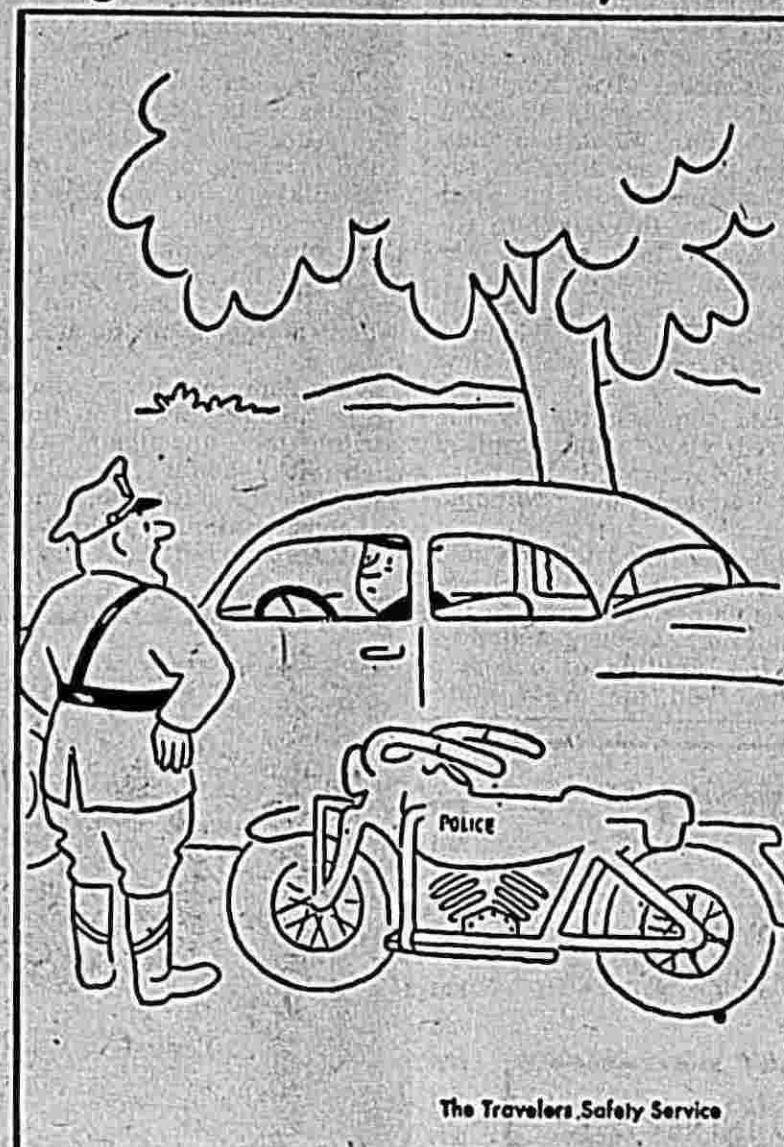

In the implementation of this program, a total of fifty-nine navy rates are involved. Complete information and a list of applicable ratings is available at the U. S. Navy Recruiting Station located in the Federal office building in Waukegan.

Ex-Navy personnel in this area may obtain complete information by visiting the U. S. Navy Recruiting Station, or by telephoning DE- 6-8440 or EL-6-2422.

In 1954 the American people contributed approximately \$85,000,000 to make Red Cross services available to their neighbors at home, in the service, and overseas.

Misguided Missiles

by Chon Day

"How long have you been driving... if you'll permit the complete misuse of a word."

By JACK SEIB and JOHN SHERBET

Often we are asked at COURTEOUS TV about UHF (ultra high frequency) and VHF (very high frequency). What's the difference and why?

It is simply this... with VHF only, you just can't have enough stations in the country without overlapping TV waves. Interference between the same channels in distant cities led to protests and complaints.

UHF opened seventy additional channels in a higher frequency area and allowed for better coverage to more people.

If you have any questions about TV and radio, phone us at Antioch 144 and we'll be glad to be of service to you.

MILLBURN

Regular services at Millburn Congregational church July 3 include Sunday School at 9:45 a. m. and church service at 11 a. m.

Twelve ladies were present at the Ladies' Aid Study group which met at the home of Mrs. Beatrice Anderson on Thursday. The next meeting will be at the home of Mrs. L. H. Messersmith July 14, on Thursday morning from 9 a. m. to 11 a. m.

James Holem, Airman 2nd class, son of Mr. and Mrs. Don Holem is now stationed for three months at Fairfield Base in England.

Mrs. Tom Harness and Mrs. George Sinesh attended a miscellaneous shower for Mary Miller at the American Legion home at Winthrop Harbor Sunday afternoon.

Miss Katherine Minto returned home after two weeks of summer school at Greeley, Colo.

All Republican women of Antioch and Lake Villa townships are invited to the Lake Villa village hall on Cedar Ave. on Thursday afternoon, June 30, at 1:30 p. m. The purpose of the meeting is to form a Women's club. A representative will be there to answer all questions.

About 200 neighbors and friends attended open house in honor of Mr. and Mrs. James Lahey's silver wedding anniversary at their home Sunday.

Miss Marian Edwards of Libertyville was a supper guest at the Frank

Edwards home Tuesday evening. Mrs. Ray Meyers and family of Libertyville spent Wednesday with her sister, Mrs. Albert Smith. Mr. and Mrs. Jack Nauta of Waukegan and Mrs. Mamie Nauta of Union Grove were callers at the Frank Hauser home Sunday afternoon.

Mr. and Mrs. John Edwards and family and Miss Marian Edwards of Libertyville spent Sunday evening at the Frank Edwards home.

The Couples Club met at the church Tuesday evening with 29 present. Mr. and Mrs. William Bonner and Mr. and Mrs. George Murrie were in charge of games and refreshments. The club will have its next meeting in September.

Mrs. August Newman and Mrs. Marcella Steffen of Slades Corners and Mrs. Anna Huff of Milwaukee spent Friday afternoon at the Frank Hauser home.

Mr. and Mrs. Charles Lucas and Mrs. Joseph Strohal spent Wednesday evening at the Harold Yukel home in Oak Lawn.

Mrs. John Henning of LaGrange spent Wednesday with Mrs. Ernest Wells.

Miss Josie Mann attended the 40th wedding anniversary for Mr. and Mrs. Henry Russell at the First Presbyterian church in Waukegan Sunday evening.

Mrs. Grover Lynn of Los Angeles, Calif., is spending several weeks with her sister, Mrs. E. A. Martin.

Mr. and Mrs. James Adams are the parents of a daughter, Carol

Sue, born Monday, June 27 at St. Theresa hospital, Waukegan.

Mrs. Anna Bauman, Mrs. Eric Anderson attended funeral services for a cousin, Martin Skolas at the Hanson Funeral Home in Kenosha Saturday afternoon.

Mr. and Mrs. Leo Stanczak and sons of Waukegan were guests of Mrs. Arlene Bonner Sunday.

Mrs. Joseph Pellazzari of Westville, Illinois, is spending some time with her daughter, Mrs. James Adams.

Mrs. H. O. B. Young, Mrs. Elsie Brown, and Mrs. Mabel McCullough of Gurnee, Mrs. William Murrie of Russell and Mrs. Ernest Wells of Wedges Corners were luncheon guests of Mrs. Sophrona Murrie Thursday.

Miss Marga ret Gilbert of Waukegan spent from Friday until Monday at the Horace Culver home and on Sunday she and Mr. and Mrs. Horace Culver and Mr. and Mrs. Chalmers Wooley and son attended a reunion and picnic at the State Park at Lake Geneva.

The Bible School at Millburn church will close with a program Friday morning at 10 o'clock.

Larry, Susan and Patrice Slivka of Madison, Wis., are spending a week with Mr. and Mrs. L. H. Messersmith.

Legion Juniors Learn There's More Than One Way to Win Ball Game

If Antioch's Junior American Legion team keeps on it will have a higher league standing by not playing games than by playing them.

The Antioch team lost to Lake Zurich there last Friday 7 to 10, and were still without a victory.

The boys went to Wauconda Monday and none of the Wauconda team showed up so Antioch won by a forfeit.

Last evening Barrington failed to show up here and there was another forfeit. A telephone call to Barrington brought information that they were on their way but the Antioch players waited until dusk and they didn't show up.

Antioch's next game will be with Deerfield here Friday.

Last year the American Red Cross personnel aided an average of one veteran and his family every two minutes at Veterans Administration Offices.

ORPHANS' OUTING SET FOR AUG. 17 IN LINCOLN PARK

More than 5,000 orphans and old folks from 38 institutions will be guests at their annual outing in Lincoln Park August 17.

It will be the 51st annual picnic sponsored by the Orphans' Automobile Day Association, composed of men and women prominent in the business, professional and civic life of the city.

President of the outing this year is Frank J. Wetzel, a beverage association executive, who is a senior member of the orphans' activity.

Those who wish to drive a load of guests to the outing may register with John P. Keating, chairman of the transportation committee, phone LOngbeach 1-2247 and 2248. Contributions for refreshments may be addressed to the Orphans' Automobile Day association, 223 W. Jackson Blvd., Chicago 6.

"Junior, I've told you a hundred million times not to exaggerate!"
